*As a student of QC Design School, you're eligible to sign-up for DesignFiles' Professional Plan and get your **first four months for FREE!***

You will not require this software to complete any course with QC Design School, however this online design platform can provide you with the tools you need to take your business virtual! Using DesignFiles, you can:

- Create branded content to send clients, including branded emails and presentations
- Design beautiful 2D and 3D presentation boards
- Provide your clients with detailed questionnaires
- Develop different design service packages and accept payments from clients
- Market your design business
- Source products for your clients
- Develop your online design business with help from DesignFiles' support team

Get started with DesignFiles' Professional Plan for FREE to access all these services and more! After your first four months, you can continue to use DesignFiles' Professional Plan for **$35 per month**. You'll have all the design tools you need to offer innovative and successful virtual design services!
